Describe your overall duties/responsibilities as a Project Manager:

In my role I work with design and management leadership in the Sports+Recreation+Entertainment market to identify project opportunities, win new commissions, and deliver exceptional design that exceeds client’s needs by managing the design process.

What advice would you give to students who are considering majoring in Landscape Architecture?

Bring a motivated mindset for learning about the ever-changing field of landscape architecture. Study the classics and seek commonality with contemporary design projects. Good design is timeless and serves to better the way people experience the world. Most importantly, be open to growth in your career and seize opportunities to evolve into new roles.

Explain the skills/abilities that are required for being successful in your role:

Organization and communication is paramount. Building trust with colleagues of all ages and experience levels. Always having a pulse on the design. Presenting design and project updates to owners and colleagues.
